EDUCATION

2026-Present MS in Business Analytics and Project Management **University of Connecticut, Hartford, CT**
2019-2024 BE in Electronics, Communication and Information Engineering **IOE, Pulchowk Campus, Lalitpur**
2017-2019 Higher Secondary Education **St. Xavier's College, Maitighar, Kathmandu**

SKILLS AND INTERESTS

Technical Skills: Microsoft Excel, Jira, Notion, Asana, Trello, Git, Github, Confluence, DBMS, MySQL, Apps Script, HTML, CSS, Python, R, Ticketing, IT Support & Troubleshooting, KPI Reporting, Data Cleaning, Power BI, MS Project, Looker Studio, Tableau, Google Sheets.
Soft Skills: Project Management, Leadership & Team Coordination, Stakeholder Communication, Time Management & Prioritization, Documentation & Presentation, Cross-functional Collaboration, User Training & Guidance, Data-Driven Decision Making, Process Improvement.
Interests: FinTech and Digital Payments, Data Analytics & Visualization, Technology Innovation, Data-Driven Product Strategy, e-Governance.

WORK EXPERIENCE

Product Lead, Office of the Prime Minister and Council of Ministers, Government of Nepal, Kathmandu 04/2026 – 07/2026

- Led Nagarik Chautari from ideation to launch within three months, overseeing product strategy and planning, requirements definition, feature prioritization, implementation coordination, and hands-on development when needed.
- Worked closely with the National Planning Commission and multiple government ministries to gather requirements, align priorities, coordinate implementation, and ensure the product addressed diverse government and user needs.

Associate Project Manager, CityTech Group Pvt. Ltd., Kathmandu, Nepal 05/2024 – 07/2026

- Led end-to-end delivery of multiple fintech products across 12+ banking clients, facilitating Scrum ceremonies, managing stakeholder communication, coordinating cross-functional teams, and overseeing production deployments.
- Designed and automated Jira and Github workflows and the end-to-end live-issue management pipeline, reducing operational workload by 30%, improving client response times by 50%, and enhancing service delivery efficiency.
- Analyzed team KPIs and developed performance reports to support HR evaluations, workforce planning, and data-driven decision-making.
- Restructured team roles and delivery processes to establish a Scrum-based operating model, significantly improving coordination, accountability, team efficiency, and project delivery timelines by approximately 50%.
- Established the PMO, mentored 6 interns, and created project management playbooks, improving project governance and delivery consistency.

Graduate Research Assistant, Connecticut Transportation Institute, Mansfield, CT 08/2026 – Present

- Conduct literature reviews and synthesize relevant research, while preparing, cleaning, and organizing geospatial datasets using GIS to support data-driven research, analysis, and evaluation for Connecticut's Automated Speed Enforcement project.
- Analyze project data using Python and support project planning, coordination, and tracking of key tasks, timelines, and deliverables.

Faculty Member, SAIM College, Kathmandu, Nepal 10/2024 – 07/2026

Faculty Member, Malpi International College, Kathmandu, Nepal 09/2025 – 03/2026

- Taught courses including Computer Systems, Digital Logic, DBMS, OS, and Software Engineering and Project Management.
- Oversaw IT lab operations, conducted practical sessions, mentored student projects and provided technical support to students and faculty.
- Designed and delivered course materials, assessments, laboratory exercises, and practical assignments, while supervising student projects and mentoring students in technical, academic, and research-oriented activities.

Research and Development Intern, NSDevil, Daejeon, South Korea (Remote) 07/2023 – 04/2024

- Worked with ROS2, Python, VSLAM, and MPC to develop and design mobile robots for autonomous real-time perception and navigation.
- Collaborated with an international research team to design experiments, evaluate system performance, analyze experimental data, and prepare technical documentation, supporting the development and optimization of autonomous robotic navigation and perception systems.

INVOLVEMENTS

- Microsoft Learn Student Ambassador** (Microsoft, Jul 2022 - May 2024)
- Curator** (TEDxIOE Pulchowk, Dec 2023 - Feb 2024)
- President** (Far-Western Engineering Students Society, Pulchowk Campus, Mar 2022 - Mar 2023)
- Outreach Manager** (Hult Prize at IOE, Aug 2021 - Apr 2022)
- Troup Lead** (Students' Wing, Nepal Scout, May 2012 - Feb 2016)
- Head of the Students' Council** (Blooming Scholars' Academy, Kathmandu, May 2016 - Feb 2017)

ACHIEVEMENTS

- Engineering License** (Nepal Engineering Council, Nepal, 2024)
- Batch Topper** (Final year, Pulchowk Campus, 2024)
- Project Funding** (North Star Developer's Village, 2024)
- Winner** (Hult Prize at IOE, 2020)
- Merit-Based Scholarship** (IOE, Pulchowk Campus, 2019)
- Student of the Year** (Blooming Scholars' Academy, Kathmandu, 2016)

CERTIFICATES

Registered Scrum Master™ (Agile Education by Scrum Inc.™)
Google Project Management: Professional Certificate (Google)
Introduction to Software Product Management (University of Alberta)
Python Data Structure (University of Michigan)
Programming For Everybody (University of Michigan)
Product Foundations (Product Vidhyalaya)
